

Candidate Student,

Department of Special Education Teaching

2nd grade IV in the Department of Special Education Teaching. 4th grade with semester VII and VIII. There is an internship requirement. Internships are held in the center and districts of Mugla in special education schools, special education subclasses or private private education institutions affiliated to the Ministry of National Education.

In the Special Education Teaching department, some materials can be prepared by using materials such as cardboard, cardboard or various recycling materials and paints within the scope of some courses or internship applications.

The content of the Special Education Teaching Program is accessible from link ‘Special Education Teaching Undergraduate Program’.

In MSKU Campus; There are dormitories for boys and girls with a capacity of 6,000 people operated by the General Directorate of KYK. With the buildings that will be completed by the end of 2020, it is planned to increase the student quota to 10,000. There are also dormitories operated by KYK in Milas, Ortaca and Fethiye. Student admissions to dormitories belonging to KYK are made through the central system.

In addition, Residorm Student Dormitory, which is owned by MSKU and built with a build-operate-transfer system, offers different room options and social areas to our university students with its hygienic living spaces, easy access, youthful designs and social activities. Students staying at the Residorm will be able to benefit from services such as 24-hour security, heating, wireless internet and cleaning. Residorm has an innovative approach that supports the social, cultural and sportive development of its students.

Health:

There is a MEDIKO Social Center within MSKU and services are provided to researchers with or without health insurance. In addition, services are provided to students at MSKU Research Hospital.

Social:

Atatürk Cultural Center: There are four halls, one of which has a capacity of 1050 people, and also 4 seminar rooms for 50 people, which are actively used in our center. The facility is

equipped with sound, light and image systems and can be used for congresses, symposiums, panels, conferences, concerts, theaters, cinemas, exhibitions, etc. used at events.

Sıtkı Koçman Sports Facilities: There is a gym with a capacity of 2500 spectators, a table tennis, a strength development, a step-aerobics-gymnasium and a swimming pool. The property has a buffet, changing rooms and showers. Meetings between faculties and colleges are held in this hall. Students can benefit from the table tennis and strength training halls within the facility by becoming a member or by logging in with daily entry slips.

Indoor Swimming Pool: Practical training of our students' swimming lessons is carried out and swimming courses are organized in various categories. The pool has 5 lanes, 25x12 m², heated, semi-Olympic dimensions. Students can benefit from the facility as a member or by logging in daily.

Outdoor Sports Complex: There is a sports complex consisting of 1 beach football-handball-volleyball field, 1 carpet field, 5 tennis courts, 2 basketball and 2 volleyball courts on the campus. Students can use the facility every day of the week.

Tennis Courts: There are a total of 5 tennis courts, 3 on the campus and 2 on the Outdoor Sports Facilities of the Faculty of Sports Sciences. Students can benefit from the facility as a member or by logging in hourly. Students can benefit from the strength development hall located within the Sports Facilities by becoming a member or with daily entry slips.

Mugla Sıtkı Kocman University Stadium: The MSKU Stadium, located in the Central Campus, was built to the standards for national and international football and athletics competitions and offered to our students. The football field floor is covered with synthetic turf approved by UEFA and FIFA; The athletics track has a tartan floor approved by the IAAF. There are changing rooms and showers within the facility, which has a tribune with a capacity of 3500 spectators. Matches between faculties and colleges, physical education and sports classes are held in this facility.

Canteen-Cafeteria: Canteen-cafeteria services are provided in all faculties, colleges and vocational schools of our university. Students can obtain the products and materials they need (hot/cold food and beverages, stationery, market products, etc.) below market prices.

Sıtkı Koçman Student Palace: One of the most important nutritional facilities of the campus is the Sıtkı Koçman Student Palace. With its private dining hall, optional dining hall, optional

dining halls and cafeteria, our facility with a seating capacity of 1200 offers the service of cheap, delicious and healthy eating options.

Turkevi Student Cafeteria: A prestigious place built with a construction technique that reflects the local architecture of Muğla and aims to give people peace of mind, it serves pide, lahmacun and kebab, as well as local dishes of the Turkish Cuisine.

Karya Kapı Student Cafeteria: Kayra Kapı Student Cafeteria serves students between 07:30 and 22:00 on weekdays. The place under the Faculty of Letters is one of the places where students benefit heavily with its fast-food unit where all kinds of hot and cold foods and beverages are served, with its a'la carte restaurant, market, stationery, TV watching and photocopying services.

Students of the Special Education Teachers Department can also work as part-time students like all students in the university (For conditions, see <https://www.mu.edu.tr/tr/ogrenci/gerekli-linkler/kismi-zamanli-ogrenci>).

Teaching programs (Including Guidance and Psychological Counseling program): Candidates with a placement score below the placement score of the candidate whose success rank is 300 thousandth in the placement score type of the program will not be placed (the success order of the placement score without additional points is taken into account). Candidates who do not meet this requirement can enter the relevant program.

The Ministry of National Education will provide scholarship support to the candidates who show this program in their first 5 preferences and are placed in this program, as specified in the "MoNE" column. Announcement of the Ministry of National Education on this subject is included in the next pages of this guide. (Does not apply to additional placement.)

According to the placement score types of Mugla Sıtkı Kocman University, undergraduate students studying in the Mentese District of Mugla province will be provided with free accommodation for one academic year, and the accommodation will continue depending on the academic success determined by the University Senate.
